- Do you struggle to get children to form letters correctly?
- Do you need ideas and a programme that can be used from early mark making through to children being independent writers?

Squiggle is now a full early writing programme with impacting progressive exercises to deliver that will ensure your children's writing is developmental and age appropriate.

Wiggle me into Squiggle is for the youngest of our early writers (age 2+). It is movement and messy play based, using specific movement to assist gross motor development.

Squiggle Whilst you Wiggle is mark making, movement and letter formation. Then we step into Squiggle me into a Writer linking our phonics into movement based letter formation.
