

Early Years' Transition Portal Launch Event

We are inviting all Derby City early years' providers and schools to learn more about our Nursery to Reception Transition Portal, opening in March 2023.

The online Transition Portal provides an easy-to-use, secure means of transferring key information from a child's early years setting to their new reception base.

Attending our launch event will give you the opportunity to learn more about the portal, experience a live demonstration and allow you to ask any questions you may have.

Our free event is aimed at childminders, PVI's, preschools, maintained nurseries and all schools.

We are offering our launch events on a range of dates — we hope you can attend one that meets your needs. The sessions will take place online and will last 45 minutes.

Tuesday 17th January 2023
